
IAG is remaining bidder for insolvent airline Niki

2017/12/28 16:15 στην κατηγορία INTERNATIONAL

British Airways owner IAG is negotiating exclusively with Niki's insolvency administrator to take over the collapsed Austrian airline, a source close to the process said on Thursday.

"IAG is the last remaining bidder and is still negotiating now," the person said, adding that the company had put in the highest offer – a double-digit million-euro amount.
